POLICY STATEMENT

The North West Children's Support Group believes that no child, individual or family should be excluded from the group's activities on the grounds of age, gender, race, sexual orientation, disability, religious belief, economic status, political belief, ethnic origin or marital status.

The North West Children's Support Group aims to ensure that all who wish to volunteer to help in our group will have an equal chance to do so and that no one should be disadvantaged by any condition or requirement which cannot be shown to be justified.

The North West Children's Support Group recognises the vulnerability of all children and the increased vulnerability of children with disabilities or additional needs. At all times the welfare of the children in our care will remain paramount.
